**Enventure Positions for Growth in China**  
*Company Opens New Office in Beijing*

HOUSTON – March 2, 2009 - Enventure Global Technology, the worlds leading provider of SET® systems used for solid expandable solutions, announced today that its subsidiary, Enventure Global Technology Trading (Beijing) Co. Ltd., opened its first office in Beijing to support China’s demand for its innovative drilling and production technology.

Located in on the 12<sup>th</sup> floor of Silver Tower No. 2 on Dong San Huan North Road in the Chao Yang District, the new office will house 12 personnel. KJ Tan, Enventure’s China country manager, will oversee the new office and staff to help drive further regional penetration of Enventure SET technology.

“The opening of this new office not only marks another company milestone, but also reinforces our commitment to bringing enabling technology solutions to China,” said Tan. “It is truly an exciting time in our company’s history as we continue to break new ground and industry records globally with solid expandable technology innovations in the oil and gas industry.”

As the pioneer in solid expandable technology, Enventure's first SET installation was in December of 2003 in the Shengli field oil well in Shandong Province near the city of Dongying. That installation enabled the operator to further penetrate the reservoir, re-complete the well and restart production. By the end of 2008, more than 250 installations were completed with applications ranging from sidetracking and shoe extensions to casing reinforcement.

**Enventure**

Houston-based Enventure Global Technology, L.L.C. continues to be the world's leading provider of solid expandable technology solutions for the energy industry. The company has a global presence with operations in North America, the Middle East, Asia Pacific, South America, Europe and the Far East. 亿万奇在中国的发展定位

公司在北京设立新的办事处

休斯顿——2009年3月2日——作为全球领先的实体膨胀管产品及解决方案-SET®系统供应商，亿万奇全球技术公司今天宣布，其子公司亿万奇环球科贸（北京）有限公司在北京设立了第一家办事处，以满足中国在探井钻探及生产井、开发井钻探方面的需求。

新的办事处位于朝阳区东三环北路2号南银大厦12层，将配备12名员工。亿万奇中国区总经理KJ Tan将负责新的办事处及人员安排，以帮助亿万奇进一步推动SET技术在该地区的发展。

“新办事处的设立不仅标志着公司的另一个里程碑，而且巩固了我们将膨胀管技术解决方案带到中国的承诺，”Tan说道。“这在我们公司的历史上确实是一个令人高兴的时刻，我们将在全球范围内利用石油和天然气行业中的实体膨胀管技术创新继续实现新的领域及行业纪录。”

作为固体可膨胀技术的先行者，亿万奇在国内的第一套SET装置于2003年12月在山东省东营市附近的胜利油田的一口油井进行了安装。这个装置能让油田开发能力进一步深入到储层中，利用新的技术进行完井并投产。到2008年底，已有250多套装置应用于侧钻、老井加深和套管修补加固。

亿万奇

总部位于休斯顿的亿万奇全球技术公司仍是全球领先的能源行业实体可膨胀技术解决方法供应商。公司业务遍布北美、中东、亚太、南美、欧洲和远东地区。欲了解更多信息请浏览[www.EnventureGT.com](http://www.EnventureGT.com)。
