## **BAS NIEUWLAND JOINS ENVENTURE GLOBAL TECHNOLOGY ASIA PACIFIC SALES TEAM**

HOUSTON, April 18, 2007—Enventure Global Technology recently announced the addition of Bas Nieuwland to its Asia Pacific team as a senior technical sales representative. He will be responsible for business development and identifying application opportunities for Solid Expandable Tubular (SET<sup>®</sup>) technology for operators within the Asia Pacific region.

“We expect Bas’ technical oilfield knowledge and his experience in multi-cultural environments to help maximize growth potential for acceptance of SET technology in the Asia Pacific region,” said Gary Prehoda, Global Director of Sales.

Prior to joining Enventure, Nieuwland worked as a production enhancement technical advisor for Halliburton Energy Services in Jakarta, Indonesia. He has more than 10 years of engineering and operations experience and five years of production enhancement research experience. He is also a published author, contributing several white papers to energy industry associations, including the Society of Professional Engineers where he is a member.

Nieuwland has a variety of technical training and certifications and is a graduate of The Hoge School Rotterdam and Omstreken in Delft, Netherlands where he received his degree in chemistry in 1992.

### **Enventure**

Houston-based Enventure Global Technology, L.L.C. is the world's leading provider of Solid Expandable Tubular (SET<sup>®</sup>) solutions for the energy industry. Organized in 1998, the company has a global presence with operations in North America, the Middle East, Asia Pacific, South America, Europe and the Far East.
